## Communication and Updates:

Throughout the season we will update customers or have important information to pass along, the official platform for this will be our Facebook page. Things like:

1. Storms
2. Store Specials
3. Important Reminders
4. Events at the Marina

So please follow us on Facebook to receive these notifications. Please remember it is your responsibility to monitor your boat. Should our yard crew notice something urgent, we will contact you directly via phone or email. We will continue to send newsletters.

## WINTER REMINDERS

Your Boat on Land - Some Tips

## 2020 Not your Typical Year:

2020 can not finish quick enough in my books, it has been an interesting year to say the least.

I would like to take this opportunity to THANK all our customers for continuing to rely on Shining Waters to take care of your boats. I also want to extend a huge THANK-YOU to the staff for working hard, dealing with the external pressures that came with the year but still able to provide great service to our customers.

We are looking forward to interacting with our customers more in 2021 and looking forward to making some new & exciting announcements for the Marina.....stay tuned.

Thank you,  
Eric Smith

## BOATINGSTORE

### WINTER HOURS:

Marina Office & BoatingStore  
Starting November 16th

**Checking your Boats:** Please don't forget about your boats in the winter, it is YOUR responsibility to check your stands/cradle/cover/halyards during the winter. This is especially true after a freeze thaw cycle when the ground gets soft. DO NOT tie tarps to boat stands, the flapping will pull the stand out causing your boat to topple over.

**Halyards:** We are part of HRM and our development agreement states that noises halyards make in wind storms should be minimal. Please tighten your halyards or tie them off away from the mast so they do not slap in wind storms

**Ladders:** If you do not want to lend your ladder, make sure it is locked and has your name and boat name on it.

**Clean:** Please keep the area around your boat clean and debris free, for appearance in the yard and so the yard crew does not have to clean up after you in the spring.

**Label:** Everything you own should be labelled. This includes; Stands, cradles, cover frames (each piece), electrical cords etc. in case they get misplaced, we will know who the owner is.

**Tenders:** Some customers have been storing their tenders under their boats (make sure they are within the footprint of your boat), you can do this but they should be locked (with a spare key in the office) We discourage this as tenders have gone missing and the added wear and tear on your boats.

**Power Cords:** Boats **CAN NOT** be left plugged in while unattended. This is clearly stated in the contract this is due to electrical fires and the added cost of electricity. Remember a 15 Amp circuit (household plug) will not support 30 Amps of power.

## SPACE FOR LEASE

Monday to Friday - 8:30 to 5:00

CLOSED:

**Holiday Break**

**Closing Dec 24th at 12:00 noon**  
**- Re-opening Jan 4th @ 8:30am**

Sometimes the office closes during the winter for different reasons, such as weather or meetings. Please call ahead if you plan to come by and see us. You can also check our FaceBook page.

## Shining Waters Events

We are currently looking for a partner/company to lease/run the events side of the business here at Shining Waters. We have weddings/events currently booked for 2021 and we will run those events under the Shining Waters banner unless we can find suitable partner.

An ideal partner would be a catering company, an event company, distillery, or a food services company.

If you know of someone or have any interest yourself please contact Eric at [eric.smith@shiningwaters.ca](mailto:eric.smith@shiningwaters.ca)
